Customer Advisory

Date: 15th September 2026

Dear Valued Customers

Subject: Mandatory In transit requirements for Shipments to Iraq via Jordan

Please note It is mandatory to mention on your shipping instructions that the cargo booked **to Iraq via Aqaba port, Jordan**, must be highlighted as **"in transit to Iraq"**, and **effective immediately.**

This will allow our system to add the **Insurance premium surcharge**, which is collected at **destination**, to protect the container body from any loss/ damage during transit.

We highly appreciate your usual cooperation.

For further information, please contact your ESL representative.
