Customer Advisory

Date: 08th October 2026
Dear Valued Customers

Subject: Transportation Charge (DTT) for Jebel Ali Import Shipments Moved via Sajaa ICD

Following the recent operational advisories issued by **Gulftainer** and **DP World Logistics** regarding delays in evacuating laden import containers from Khorfakkan to Jebel Ali, alternative movement via Sajaa ICD may be arranged to maintain cargo fluidity.
For all affected **Jebel Ali import shipments** moved to **Jebel Ali (AEJEA) via Sajaa ICD** due to the prevailing operational constraints, a **Transportation Charge (DTT) of USD 1,100 per container** will apply.

The DTT will be payable by the consignee to recover the additional transportation and handling costs incurred for movement through Sajaa ICD. It will apply only to affected shipments routed via Sajaa ICD for onward movement to AEJEA.

Charge Details:

- **Destination:** Jebel Ali (AEJEA), via Sajaa ICD
- **Charge code**: DTT (Transportation Charge)
- **Quantum**: USD1,100 per container
- **Application**: Effective from the voyages listed below and applicable to all subsequent affected voyages involving Jebel Ali import shipments moved via Sajaa ICD

Effective Voyages:

Service	Vessel
EVGI	PEARLTON THRIVE 2637E
EVGI	ASL FUZHOU 26B2E
EGLX	ESL NINGBO 26E2E
ECMX	KMTC LONG BEACH 26D6E

For new bookings and affected shipments, the applicable quotations and/or destination charges will be updated to reflect the DTT. Customers are requested to consider this additional charge when planning cargo clearance and delivery.

Thank you for your understanding and cooperation.
